[DETAILS] Welcome to your Classic Plus Studio, with all the same great features as our Classic Studios, except your room is located on the top floors of the building. Enjoy plenty of natural light and a bright, airy space with large windows. You'll have a spacious layout with rooms ranging from 19-20 m² designed to be your ideal space for studying and relaxation.

Your studio includes a comfy double bed, a generous wardrobe, and a dedicated study area—everything you need to create your personal space. The modern kitchenette with full size oven makes it easy to prepare meals, while your private en-suite bathroom adds to your comfort and convenience.

While the windows in these studios do not open, there is plenty of airflow thanks to the systems in place. With ample storage options, you can keep your belongings organized and within reach. Plus, with all utilities included and high-speed Wi-Fi, you can focus on what truly matters: your studies and building connections with the LUNA community.
